MODERN STATION ASSURED.

Improvements to Cost \$25,000 Planned for Charlottesville Depot. Charlottesville, Va., May 15.—That Charlottesville is to have a modern and comfortable railway station in place of the abominable makeshift now in daily use at the junction is an assured fact.

The plans for the proposed changes and improvements, which call for an expenditure of about \$25,000, are completed, and the work will probably begin before June 1.

The present building will not be demolished, but will be repaired and added to.

The roof over the present waiting-rooms will be removed and a complete new second story added. The entire second story will be used as a waiting-room for white women.

A covered viaduct will connect this upper story with Main Street, and over this pedestrians will pass to and from the building. The overhead passage will eliminate the danger resulting from the spur track leading to the freight depot.

The partitions between the two present waiting-rooms will be torn out and both rooms, after being re-modeled and repaired, will compose the white men's waiting and smoking-rooms.

Colored waiting-rooms will be provided for by the use of a portion of the present dining-room and the passage between it and the station proper. The present toilet for colored people will be converted into ticket offices. The room now used as a kitchen will be reconstructed to meet the demands of a dining-room.

TRIAL SET FOR JUNE 16.

Charges of Perjury Against Mrs. Clara Bosseman and Mrs. Nellie Rowan. Staunton, Va., May 15.—Judge Kerr, of the Corporation Court, has set June 16 as the date for the trial of Mrs. Clara Bosseman and Mrs. Nellie Rowan. The new trial is on charges of perjury, the women just having been indicted on evidence growing out of the trial of A. D. Worth, convicted and sentenced for feloniously shooting L. B. Bosseman.

As both have only been given for the appearance of the women at this term of court, the trial being set for the next term, the bond will have to be renewed or other bondsmen secured. Action may be taken on any day of the present term, which will continue until about the 26th of the month. Mrs. Grace Curry and J. A. Alexander are the present bondsmen.

HUSBAND'S FINAL DECISION

Results in Great Happiness For North Carolina Lady, As Told in Following Advises.

Draper, N. C.—Mrs. Helen L. Dalton, of this place, says: "I suffered for years with pains in my left side, and would often almost smother to death.

Medicines patched me up for a while, but then I would get worse again.

Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use.

There never has been, and never will be, a medicine to compare with Cardui.

I believe it is a good medicine for all womanly troubles."

You can rely absolutely on Cardui, the woman's tonic.

For more than 50 years, practically an average lifetime, it has been going right to the seat of most forms of womanly trouble, building up the weakened organs to their natural state, thereby restoring strength and health.

In this half century of time it has helped more than a million women. Why shouldn't it do the same for you?

Get a bottle of Cardui to-day.

VIRGINIA COLLEGE GRANTED CHARTER

Chapter of National Debating Fraternity to Be Organized at Washington and Lee.

[Special to The Times-Dispatch.]

Lexington, Va., May 15.—Word has just been received that Washington and Lee University has been granted a charter to the national intercollegiate debating and oratorical honorary fraternity, the Delta Sigma Rho. The application for a charter was placed with other applications from prominent colleges and universities in the hands of the general council of the Delta Sigma Rho, which met in regular biennial session during the last week of April at Columbia, S. C.

The information is received with a distinct sense of gratification to all students and friends of the university. The idea of applying for a charter at Washington and Lee was not conceived until last spring, when the various orators and debaters met and discussed plans, which were consummated last October. An attractive petition was printed and sent to the various chapters, and a favorable action was taken upon the petition at the general meeting which has just been held in Columbia.

The charter members of the local chapter are: Chester B. Heavener, Thomas McP. Glasgow, N. D. Smithson, John Turner Gray, Jr., Paul Converse, Arlos J. Harbert, Edward S. Delaplaine, R. C. Shaw and J. G. Herndon, Jr.

Besides alumni, the following students will be taken in this year along with the charter members: Steven B. Dolly, Robert G. Hundley, J. Y. Sanders, M. M. Kelly, William T. Hanzake, Morris L. Maslinier, Morgan M. Keaton and Arthur W. McCain.

A special representative, a member of the Delta Sigma Rho Chapter at Ohio Wesleyan University, has been secured to install the new chapter at Washington and Lee. The installation will in all probability be accompanied by public exercises in the chapel. Efforts are being made to have the installation exercises during the coming finals, and Saturday, June 7, has been selected as a tentative date.

At a recent meeting of the board of trustees of Washington and Lee University it was decided to erect and equip at a cost not to exceed \$9,000 a building to temporarily take the place of the old gymnasium, which was destroyed by fire early in March. The building will be located on the athletic field, and will ultimately be turned over to the Athletic Association as a baseball cage and a field clubhouse and dressing quarters for all the members of the various athletic teams. The structure will, within the next year or two, be handed over to the Athletic Association as an addition to the permanent equipment of Wilson Field.

The plans call for a rectangular structure, 60x100 feet, with an offset 24x40 feet, which will contain the locker-room and shower baths. The locker-room will be equipped with 250 steel lockers, while the shower baths will be abundantly supplied with hot water from a 715 gallon tank. The building will be lighted by electricity throughout.

At the time the foundation is put in a well-stamped dirt floor will be laid. Upon this floor will be constructed a temporary wooden floor for use during its occupation for gymnasium purposes. All that will be necessary to convert the building into a baseball cage will be to remove the temporary wood floor.

The entire interior of the main hall will be free from obstructions. The roof will be supported by trusses, making rafters unnecessary, so that the entire space will be practically clear from the floor to the pitch of the roof, forty feet above.

This arrangement will provide an excellent basketball court, without of bounds on all sides, meeting the demands of a regulation court in every particular. There will be plenty of space for the seating of a large audience.

MEMORIAL DAY ORATOR.

Dr. H. W. Battle, of Charlottesville, at Harrisonburg on June 4.

Harrisonburg, Va., May 15.—Rev. Henry W. Battle, D. D., pastor of the First Baptist Church of Charlottesville, will deliver the memorial address in Harrisonburg on June 4, at the annual convention of the Confederate Veterans Association.

Dr. Battle has had personal acquaintance with noted survivors of the Confederate Army, including President Davis. He is a son of General Battle, of the Confederate Army, and is a man of unusual attainments.

CHURCH GETS MANY CHECKS.

Unsollected Money from All Over Country Toward New Edifice. Lacey Springs, Va., May 15.—The men and boys of the Lacey Springs Baptist Church gathered together Thursday morning at 8 o'clock to clean up and take the church yard and church property preparatory to the dedication, which will take place on June 1. It will be remembered that more than fifty men came to help in the building, and the women served a great dinner.

The pastor, Rev. G. W. Richardson, asked that they defer such a dinner until the dedication.

Another unsollected check of \$5 came through the mail on an order for a Fellowship toward the new church. This makes some eight or ten unsollected amounts that have been received by the building committee from persons living in different parts of the United States that have read about the rebuilding of the church and sent in their amounts.

Traylor has served as a representative of the Bureau of Labor for about twenty-five years, and his friends believe him well qualified to fill the position. P. H. McG.

CONVICT MAKES ESCAPE.

Had Served Only Five Days When Assigned to Road Force.

[Special to The Times-Dispatch.] Spotsylvania, Va., May 15.—On A. Wood, a convict of the road force at work in Camp 27, in this county, made his escape from the camp and is now at large. Wood was convicted of bigamy in the court of Tazewell County, and was only in the penitentiary five days when he was sent to the road force in Spotsylvania, and having only one hand, he was given the job of carrying water for the camp, and made his escape from the camp.

The camp officials and officers of the county are on the look out for him, and he is likely to be captured.

As an executive committee in general charge of the school exhibits, the principals of Amelia High School, Petersburg School and Miss Belle Coleman.

Professor J. D. Harris, Ashton Coleman and C. W. Stacy were made a catalogue committee to arrange for the publication of a catalogue with advertising premium lists and rules.

ANNUAL SESSION AT OLD POINT.

Members of North Carolina Cotton Seed Crushers' Association Meet.

[Special to The Times-Dispatch.] Hampton, Va., May 15.—Resolutions memorializing the United States Congress to retain camels' hair, press cloth and sofa beans on the free list of the new tariff bill were adopted to-day by the North Carolina Cotton Seed Crushers' Association, which held its annual convention in Hotel Chamberlin, at Old Point.

The association named a committee to confer with the railroads and steamship companies relative to securing better freight rates. The annual banquet was held this afternoon, and the officers elected for the coming year were as follows: President, E. M. Brinkers, Wilson; vice-president, E. T. Keller, Tarboro; secretary, F. C. Dunn, Kinston; treasurer, H. A. Whittem, Greenville.

[Special to The Times-Dispatch.] Fredericksburg, Va., May 15.—Mrs. J. M. de Lashmutt, of Georgetown, D. C., has announced the approaching marriage of her daughter, Miss Frances de Lashmutt, to Frank P. Moncreux, of Stafford Courthouse. The marriage will take place on June 10 at 8 o'clock in St. George's Episcopal Church, Alexandria County. The ceremony will be performed by Rev. Dr. Blake, of Christ's Church, Georgetown.

TOO MUCH RED TAPE ANNOYS ARTISTS

Keep Works Abroad Rather Than Face Tariff Regulations.

Washington, May 15.—Revision of existing stringent tariff regulations that prevent the creations of American artists working and studying abroad from entering this country for display was urged to-day at the afternoon session of the convention of the American Federation of Arts. The subject is to come up for further discussion and action at the session to-morrow.

Tariff revision was brought to the attention of the convention by Thomas Wood Stevens, of the Art Institute of Chicago, in discussing the problems and needs of the small museums. He declared that one of the reasons why the small museum failed to flourish was the lack of proper exhibits. This, he added, was because many of the American artists working abroad preferred not to encounter the immense amount of red tape to be unwound of shipping his works home for exhibition purposes.

In the Underwood tariff bill now pending works of art are placed on the free list.

At the morning session President Robert de Forest outlined the plans for a national clearing-house for information regarding every branch of art. He put this in the form of a suggestion for the convention to work.

President de Forest delivered his annual address, outlining the past year's work of the federation. Other speakers were Miss Lelia Mechlin, secretary of the federation; Mrs. Melville F. Johnson, professor of Art, Princeton University; Mitchell Carroll, Colonel Spencer Cosby, U. S. A., and Glenn Brown.

On the general subject of "The Small Museum," in the afternoon, the speakers were H. W. Kent, assistant secretary of the Metropolitan Museum of Art, New York; Mrs. George W. Stevens, assistant director, Toledo Museum of Art, and Professor F. J. Mather, professor of art, Princeton University. The addresses were followed by a general discussion of the subject. The convention closes to-morrow with a reception and a garden party given at the White House by the President and Mrs. Wilson. They were made honorary members of the federation.

BABE TOO MANY TO SAVE.

Boarder Rescues Two in Fire as Parents Are at Wedding.

Altoona, Pa., May 15.—Holocaust upon the part of John Popak, a miner, aged thirty-two, saved two children of John Chipolenti from burning to death at Coalport, but a third child, the baby, John, aged three, perished in the fire, which destroyed the home.

The parents of the children were at Hazleton attending a wedding. Popak boarded with them. During the night he was awakened by smoke and found the room in which the children were sleeping in flames.

Rushing in he snatched Joseph, aged four, and Felix, aged five, from the bed and tried to rescue John, but was driven back by the fire, Popak and the two children were badly burned about the heads and bodies. At the hospital here it is feared the children may die.

OBJECT TO NEW FOREMAN.

Force of Fifteen Electricians and Linemen Go on Strike.

Newport News, Va., May 15.—Because they dislike their new foreman, a force of electricians and linemen employed by the Newport News and Old Point Railway Company, numbering fifteen this morning went on strike. The men claim that they cannot work satisfactorily with Foreman Dykes, who will not return to work as long as he is retained. Other men will probably be imported to take their places.

MAY 13 BRINGS 13TH CHILD.

Year Coincides With Combination, but Weight Falls Short.

Hackensack, N. J., May 15.—Mr. and Mrs. William H. Snow, of 56 State Street, Hackensack, are not superstitious, but they are wondering whether the fact that their thirteenth child, born on May 13, in the year 1913, will result in any disaster for them or the baby.

Some one said the baby weighed thirteen pounds, but Dr. G. H. McFadden said nine pounds was correct, spilling a further comb.

PUBLICITY THINS MICROBES.

Montclair Ice-Cream Returned by Publishing Records.

Montclair, N. J., May 15.—According to a report of the Montclair Board of Health, issued yesterday, the campaign of the Health Department for an improvement in the quality of ice-cream sold here has been decidedly of wonderful results. When the work began one dealer was selling ice-cream that contained 5,000,000 bacteria to the cubic centimeter. In three months this dealer reformed his methods of manufacturing so radically that he is now producing ice-cream with only 1,000,000 bacteria. Another dealer brought his score down from 14,000,000 to 10,000,000.

The Board of Health is keeping a score of the ice-cream plants that supply Montclair, and the records of bacteria are published in its regular reports.

DIG COIN IN A SMALL PLACE.

Boy Swallows Half-Dollar and Puzzles the Doctors.

Wilmington, Del., May 15.—Reposing somewhere within the anatomy of Lewis Graves, aged sixteen years, of Townsend, is a silver half-dollar which the boy swallowed. Under ordinary circumstances it would require some swallowing to get a coin of that size without so much as an enema.

Graves was "showing off" before some of his friends by "tossing the coin" in the air and catching it in his mouth. It came down to the floor several times, and finally, after Graves had caught it again, it kept right on going, and as matters now stand, it is believed that the coin is in the stomach.

SEES EVIL IN SUNDAY BALL.

Grandfather Asks Court to Forbid Girls Watching Sport.

St. Louis, May 15.—Charging that Lloyd Rickart, secretary of the St. Louis American League, permitted two children in their care to attend Sunday baseball games, their grandfather filed a petition in the Supreme Court at Jefferson City, asking that the boys be restored to him. The children are Letitia and Barbara Breck, twelve and fourteen years old. Their grandfather, Dr. J. D. Webb, is the father-in-law of Lewis B. Tebbets.

Last winter he was removed as guardian of the children by the Probate Court. Dr. Webb's petition says the conduct of spectators at the Sunday ball games is "loud and boisterous," and that it is "a disgrace to the city." It also is contended that the atmosphere of Sunday ball games is unfit for young girls.
